FORWARD

This booklet has been prepared in the hope it may be of assistance to you. We have tried to set forth, in the most condensed form, facts of importance. To the best of our ability, we have pointed out the essentials without burdening you with unnecessary details. If you wish further or more specific information on any subject, we would be pleased to supply it upon your request.

One word of warning:

There are those who will attempt to distort and thereby destroy the true facts about the Union organization.

With the knowledge that there is nothing as strong as the simple truth, we bring you this IBEW contact book.

The following websites contain an enormous amount of useful information

www.ibew153.com - Homepage of IBEW Local 153

www.ibew.org - Homepage of IBEW

www.njatc.org - Homepage of National Apprenticeship and Training

www.jatc153.com - Homepage of local Apprenticeship and Training

www.electrifyingcareers.com - Career opportunities

www.electriccareers.com - Information and online application

www.ibewhoupower.com - Online magazine

www.electricTV.net - Online electrical industry videos and news

WHAT DOES THE IBEW HAVE TO OFFER?

- 1. The International Brotherhood of Electrical Workers has set the highest standard for the electrical industry, including nationally recognized education and training for all Members.***
- 2. IBEW Local Unions provide family health insurance plans with coverage for spouses and all dependants.***
- 3. The IBEW provides several pension plans for Members allowing them to retire comfortably.***
- 4. IBEW Local 153 represents members at over 25 different electrical contractors. As a Member you would be eligible for employment at any or all of them.***
- 5. IBEW Members enjoy the ability to travel throughout the United States and Canada for work opportunities without a need for an interview or evaluation process.***
- 6. IBEW Members have a voice in their workplace. Representatives who are nominated and elected by the Membership are advocates for the rights of the Members.***
- 7. A National and a Local Labor Management Committee continually strive to address issues confronting the electrical industry. Representatives from the IBEW and Employer representatives work together to solve issues and negotiate wages and working conditions.***
- 8. Membership in the IBEW entitles you to benefits ranging from life insurance to preferential credit card and mortgage rates.***
- 9. Electricians in the IBEW are considered among the best trained and most productive in the industry.***
- 10. All of these benefits and more are available because 800,000 IBEW members in North America have earned them over the past 100 years, and now we are offering this opportunity to you.***

ELECTRICAL WORKERS LOCAL 153

Is aggressively seeking to represent all electricians in our area

In the past

Craftsmen who were confident in their ability to work productively have joined the IBEW

They were men and women who knew they were worth more than just a paycheck

They knew that dignity and fairness on the job was their right

They knew that their families deserved good medical coverage and a decent pension plan for their years after retirement

They realized that together they would have a better chance of achieving these goals than as individuals

Today

There are over 1000 members of IBEW Local 153 who have made these same decisions

They continue to raise the standard of the electrical industry in our area

For all electricians there is strength in unity

Join with us so that all may prosper
